

ending the first day of April, upon blanks furnished by the board of commissioners and furnish such other information and make such other reports as shall be called for by the insurance commissioner.

Inspection fees.

210. *Inspection fees.* For every new building inspected the building inspector shall charge and collect an inspection fee before issuing the building certificate as follows: two dollars for each mercantile storeroom, livery stable or building for manufacturing of one story, and fifty cents for each additional story, and for other buildings twenty-five cents per room: *Provided*, the inspection fee shall in no case exceed five dollars.

Defects in building.

211. *Defects in building.* Whenever the building inspector finds any defects in any building or finds that any building is not being constructed or has not been constructed in accordance with the provisions of law, it shall be his duty to notify the owner of said building of the defects or failure to comply with the law, and the said owner or builder shall immediately remedy the defect and make the said building comply with the law. The owner or builder may appeal from the decision of the building inspector to the insurance commissioner.

Notice to owner.

Defects to be remedied.

Appeals.

Unsafe buildings condemned.

212. *Unsafe buildings condemned.* Every building which shall appear to the inspector to be especially dangerous in case of fire by reason of bad condition of walls, overloaded floors, defective construction, decay or other causes, shall be held to be unsafe, and the inspector shall affix a notice of the dangerous character of the structure to a conspicuous place on the exterior wall of said building. No building now or hereafter built shall be altered until it has been examined and approved by the inspector as being in a good and safe condition to be altered, and the alteration so made shall conform to provisions of the law.

Notice of danger.

Alteration of buildings.

Construction of walls.

213. *Walls.* The walls of buildings, other than frame or wooden buildings, shall be constructed of brick, iron or other hard, incombustible material, and all regulations contained in the law shall apply also where walls or buildings are raised, altered or repaired.

Wooden buildings prohibited in fire limits.

214. *Wooden buildings in fire limits prohibited.* Within the fire limits, as established and defined by the board of commissioners, no frame or wooden building shall be erected.

Walls of business buildings.

215. *Walls of factories, etc.* The walls of warehouses, stores, factories, livery stables, hotels or other brick or stone buildings for business purposes, except fireproof buildings, where the framework is of steel, shall conform to the following schedules:

	1st	2d	3d	4th	5th
